Company Overview

Milidaro is a leading construction firm committed to delivering high-quality, innovative, and sustainable construction solutions to clients across diverse industries. With a proven track record of excellence and a dedicated team of professionals, we bring visions to life through expert craftsmanship, attention to detail, and unwavering commitment to client satisfaction.

Certifications

Differentiators

Quality Craftsmanship

Our skilled craftsmen and construction experts are dedicated to delivering projects that meet the highest standards of quality and durability.

Collaborative Approach

We value open communication and collaboration, fostering strong relationships with clients, architects, subcontractors.

Proven Track Record

Our portfolio showcases successful completion of diverse projects, demonstrating our ability to handle complex challenges.

Innovative Solutions

We embrace cutting-edge technologies and industry best practices, driving innovation and efficiency throughout the construction process.

Safety Priority

Safety is at the forefront of our operations, and we maintain strict safety protocols to protect both our workforce and project sites.

Core Competencies

General Contracting

We offer comprehensive general contracting services, overseeing every aspect of the construction process, from project planning and budgeting to execution and project closeout.

Design-Build

Our design-build approach integrates architecture, engineering, and construction expertise, streamlining the process and delivering projects with enhanced efficiency and collaboration.

Construction Management

We provide tailored construction management solutions, ensuring projects are delivered on time and within budget, while maintaining the highest standards of quality and safety.

Commercial Construction

From office spaces to retail centers, we specialize in constructing functional and visually appealing commercial properties that align with clients' brand identity and operational needs.

Government Construction

Projects ranging from demolition, to underground water works, building renovations and solar arrays.

Renovation and Remodeling

We breathe new life into existing structures through thoughtful renovation and remodeling services, enhancing functionality, aesthetics, and value.

Sustainability Initiatives

We integrate sustainable construction practices, materials, and technologies to minimize environmental impact and create energy-efficient, environmentally conscious buildings.

Past Performance

Local Businesses

Completed multiple tenant Improvement jobs for high scale businesses throughout the Los Angeles Area.

Municipalities:

Metro – Completed multiple projects, including Solar Array Removal and Storage, ahead of schedule and under budget, resulting in a highly satisfied client and industry recognition.

Metro – Currently in contract for steel stud framing and drywall on multiple projects.

US Government

Completed large scale electrical and solar array projects on budget and schedule on multiple VA facilities.

Currently working on Phase 1 of VA Wilshire waterworks project of fire water and domestic water in excess of 18,000 linear feet with over 100 valves and 500+ fittings.
